

The Exchange Club of the San Ramon Valley invites you to our 9-11 Essay Competition

THEME FOR THE 2024 ESSAY COMPETITION

The 9/11/2001 terrorist attacks on our country were not the first or last time our first responders (police, fire, EMT, military personnel) responded to disasters to help their fellow citizens. Every day our first responders put their lives on the line to protect ours. We thank them in many different ways. But, what about the family members of first responders? While first responders are out fighting fires, catching criminals, saving lives or defending our country, they leave behind spouses and their own children when they go to work every day protecting us. In a meaningful way, what can we do locally and nationally to thank the families of our first responders.

STUDENT APPLICATION

First Name _____ Last Name _____

Address _____ City _____ Zip _____

Grade _____ School You Are Attending _____

Phone _____ Email _____

Please complete this form and email it along with your essay to gregmarvel@gmail.com.
